Seen & Heard Around Murray

Good luck to Miss Kathleen
Patterson. She has had a dif-
ficult time. All our kids had
Miss Patterson as their first
grade teacher.

For some reason first grade
teachers are remembered for-
ever. We well remember Miss
Josie Miller who taught us in
the first grade. Of course that
was about a hundred years ago,
or so.

Fellow says you have to hand
it to the Internal Revenue ser-
vice. If you don't they'll come
and get it.

If you want a simple pleasure
to enjoy, get yourself an aquar-
ium of any size, put in a few
fish, and just look at them.

Exotic fish come in hundreds
of colors, shapes, sizes and per-
sonalities. Several places in
town sell the aquariums, fish
and all the supplies you need.

They are little trouble and pro-
vide a lot of pleasure.

The scavenger fish are particu-
larly odd, since they hide quite
often. (Continued on Page Four)

Admirals Complete Investigation

By ROBERT CRABBE
CORONADO, Calif. (UPI) —
Five admirals sat privately to-
day to write their judgment of
Comdr. Lloyd M. Bucher and
decide what lessons the Navy
learned from the humiliating
loss of the USS Pueblo to North
Korea.

Confronting the admirals
were almost 2,400 pages of tes-
timony taken from 104 wit-
nesses during the official court
of inquiry into the Communist
capture of the little espionage
ship.

"It was my responsibility to
make the determination 23 Jan-
uary 1968 regarding Pueblo's
power to resist its illegal se-
izure by units of the North Ko-
rean navy," Bucher told the
court in his final plea Thurs-
day.

"I hereby state unequivocally

BULLETIN

WASHINGTON (UPI) — A
message to the Joint Chiefs of
Staff warning that the ill-
fated last mission assigned
the USS Pueblo might be
quite risky never reached the
chiefs, congressional investi-
gators charged today.

The warning by the Na-
tional Security Agency NSA
was sent on the same day as
the Joint Chiefs approved the
mission as a low risk opera-
tion, Rep. Otis Pike, D-N.Y.,
declared.

The message carried the
signature of the director of
the NSA, "suggesting that the
characterization of the mis-
sion as minimal risk might be
wrong," Pike said.

Financial Aid At MSU To Be Told By Johnny McDougal

Senior students at the three
high schools in Calloway Coun-
ty will have an opportunity
next week to learn of the var-
ious types of financial aid a-
vailable at Murray State Uni-
versity.

Johnny McDougal, coordina-
tor of student financial aid at
the university, will visit Mur-
ray High School on Monday,
March 17, Calloway County High
School on Wednesday, March
18, and University High School
on Friday, March 20.

Besides outlining federal
loan, grant and work programs
open to students at Murray
State, McDougal will answer
questions concerning student
aid and assist students in com-
pleting financial aid applica-
tions.

"We want all capable and de-
serving students to be well in-
formed of the types of assist-
ance which the university of-
fers and certainly we do not
want to deprive any capable
student of attending MSU be-
cause of financial reasons," Mc-
Dougal said.

He added that parents should
encourage their children to ap-
ply for aid at the appropriate day
if the student will need financial
assistance.

jor at Murray State University,
has been granted a summer stu-
dent trainership in physics at
Oak Ridge National Laboratory,

working in cooperation with the
AEC to stimulate participation
by southeastern universities in
the activities of the National
Laboratory.

Although her exact assign-

associated with the metallurgy

Dr. William E. Maddox — have
also been given appointments
through the Oak Ridge Associat-

Contract Will Be Let In Week On Bee Creek Line

The Tilford Plumbing and
Heating, Inc. of Paducah sub-
mitted the apparent low bid
last night for the construction
of the Bee Creek sewer line and
the pumping station.

This line will be a major
sewer line for the city and will
run along Bee Creek, just north
of the city limits. The line will
serve all of the area north of
Chestnut Street to Five Points.

The pumping station will be lo-
cated generally in the area of
Ryan Milk Company to lift saw-
erage to where it can flow by
gravity to the disposal plant
just east of the railroad.

Tilford bid \$292,504.22 on the
sewer line and \$53,332.77 on the
pumping station.

There were five other bidders
on the major project. They
are as follows: Lyle Construction
Company of Clarksville,
Tennessee \$322,442.40 for the
line and no bid on the pump-
ing station. J. M. Humphries
Construction Company, \$306,
340.00 on the line and \$64,800.
00 on the pumping station; En-
nis Construction Company, of
Bowling Green, Kentucky, \$334,
000.00 on the line and \$54,
500.00 on the pumping station.
J. L. Construction Company of
Humboldt, Tennessee, \$449,
243.82 on the line and \$48,
263.00 on the pumping station.
CFW Construction Company,
\$310,000.00 on the line and
\$47,000.00 on the pumping sta-
tion.

Humphries Construction Com-
pany noted that if they got the
job, the city could deduct \$15,
000 from the total bid and CFW
Construction Company noted
that if they got the job, the city
could deduct \$4,000 from the
total.

Representatives from the var-
ious bidding firms were present
last night, as well as a repre-
sentative from the consulting
firm for the city. The city will
check out the low bidder as far
as capability and financial re-

sponsibility, a normal proced-
ure on a large construction bid,
then let the bid. This is ex-
pected to take about one week.

It was decided some weeks
ago that with the large con-
struction, expansion and main-
tenance load carried by the
Murray Water and Sewer Sys-
tem, that this large project
would be contracted to a pri-
vate firm. In the past the city
has carried its own construction
projects of this size.

When this project is com-
pleted, the city will have sewer
lines over its entire area. The
last large construction program
on the south side of the city
alleviated a big problem there
on the south side of Sycamore.
This project is expected to do
the same for the north side of
the city, north of Chestnut.

Leonard Vaughn, Mayor Pro-
tem and Chairman of the Mur-
ray Water and Sewer Commit-
tee reported also that a site has
been purchased for the erection
of a new star-dippe. The site is
on the Johnny Robertson road
about 900 feet south of the
Lynn Grove Highway behind
the Herchel Corn property. The
lot is 200 x 200 and is located
on the west side of the road.
The city now has a standpipe
on North 18th Street and a
large underground reservoir on
East Elm Street.

The city also opened bids for
the purchase of gasoline in bulk
for city vehicles. The city ask-
ed for bids where the company
would furnish the 1000 gallon
tank and also where the city
would furnish the tank. Bids
also included an air compres-
sor with a 30 gallon tank.

Bids are as follows: Kentucky

Vinson Is Banquet Speaker; Brooks Honored By Group

Mancil Vinson, head of the
Alumni Association at Murray
State University and former as-

The dinner was held Thurs-

owner.

Vinson, introduced by E. B.
Howton, head of the Agricul-
ture Department of Murray
State University, discussed the
progress that has been made in
agriculture. He said that the
farming people were becoming
smaller in number and urged
each farmer the importance of
his taking part in civic and com-
munity endeavors along with
his farming interests. He spoke
of the value of the University
to Calloway County.

W. H. Brooks, teacher of vo-
cational agriculture in Callo-
way County, was given high
praise by Vinson who is a for-
mer student of Mr. Brooks at
the Murray Training School,
now University School.

Herman Ellis surprised Mr.
Brooks with words of praise at
the banquet. Ellis said he thought Brooks was the "man of
the year" every year in agri-
culture in Calloway County.
He had probably done more to
further agricultural progress in
the county than any other man.
Brooks was principal at Cuba
High School for five years be-
fore coming to the Murray
Training School as teacher of
agriculture in about 1939. He is
now teacher of vocational agri-
culture for Calloway County.
He operates large farming in-
terests with his son, Hamp W.
Brooks, and his son-in-law Sher-
rill Gargus. His wife is teacher
of English at Calloway County
High School.

Mrs. Herman Ellis presented
Brooks with a boutonniere, Mrs.
Charles Nanny, an employee of
Ellis Popcorn Company, present-
ed Mrs. Brooks with a corsage.
About one hundred and fifty
persons were in attendance in-
cluding members of the New
Concord, Lynn Grove, Kirksey,
and Young Adult Classes of the
County.

Persons recognized by Brooks
were Supl. and Mrs. Buren Jef-
frey, Mr. and Mrs. Dan Hutson,
Mr. and Mrs. Billy Smith, Mr.
and Mrs. Mancil Vinson, Mr.
and Mrs. E. B. Howton, Mr.
and Mrs. Herman Ellis, Mrs.
Charles Nanny, Jamie Treve-
than, and Mr. and Mrs. Ollie
Hall.

Brooks presented Bill Stub-
blefield, chairman of the Callo-
way County Board of Educa-
tion, and Lubie Parrish, a mem-
ber of the board of education,
and urged that each one pre-
sent support the board in the
special undertaking of the board

WE SUPPORT SCHOOL MERGER

THE POSSIBILITY of merging the Calloway County School System and the Murray City School System is becoming a real possibility.

We have nothing but praise for the two school boards for the manner in which they are working together.

Common sense will tell us that we will have only one school board in the event of a merger. Some of the professional staff such as principals and superintendents will most probably be placed in other positions. In spite of these facts, both boards are cooperating in a venture which will have one outstanding result, better education for the children of this county.

With a single school system in the county, the duplication of efforts will come to a halt. A better organized overall system, administered through a true cooperative effort of the city and county, will give Calloway County new and modern facilities, top grade qualified teachers in all levels of education, and a single concentrated effort in the area of a trade school, centralization of facilities, and better and more modern laboratories in the languages and sciences.

As was pointed out in a news story on the front page of the Ledger and Times this week, one of the primary obstacles is to get the county tax rate equal with the city tax rate. It makes good reasoning that a single system will take just as much money to operate as the two separate systems. If the county tax rate is made equal to the city tax rate, then we can see the establishment of a school system, countywide, that can find few equals.

The condition of the elementary schools in the county is nothing short of tragic. Perhaps one of the schools meets some standards of excellence, but the physical plants of the county schools in general are much less than good.

The merger of the two school systems depends in a large measure on the approval of a tax of about 20¢. We hope that every person in Calloway County will study the school situation, review what can be done in a merged system, then vote in favor of this county tax.

We fully realize that taxes, the cost of living, and expenses in general are high, but in this case we are dealing with the future of our children and our grandchildren.

We want nothing but the best for them. We are for a merged school system and we are for whatever extra tax is needed to bring it about.

Superintendents Byron Jeffrey and Fred Schults and the members of the city and county school boards deserve our sincere congratulations on the manner in which they have approached the problem.

Plans are hanging fire now on the proposed new high school building for the city of Murray, so that if the merger is successful, both the city and the county can join hands in a truly cooperative venture.

We believe the proposed merger of the school system is one of the most forward steps undertaken by county and city residents.

THE FAMILY LAWYER

Lending Your Car

It is common courtesy, when you lend your car to a friend, to fill it up first with gas. But what about checking the brakes or inspecting the tires? If the car is defective and there is an accident, are you legally liable for the consequences? You may be indeed. Take this case.

A man allowed the woman next door—an inexperienced driver—to borrow his car. Although he knew it had a "grabby" clutch, he didn't tell her so. During the ride she lost control of the car, crashed into a tree, and suffered painful injuries.

She later sued him for damages, and the court decided he must pay for his negligence. The

judge said that, under the circumstances, this was the kind of accident he could reasonably have foreseen and prevented.

What if there is an injury not to the borrower but to some third party whom you don't even know? Even then, you might incur liability.

Thus, a man who loaned a car with faulty brakes, without giving fair warning to the borrower, was held responsible for the resulting death of a schoolboy. The fatal accident occurred when, at a crucial moment, the brakes gave way.

That does not mean you have to make a thorough examination of your car before lending it, to discover defects you would not ordinarily know about. Accordingly, a car owner was held not to blame when the steering gear—seemingly all right until then—suddenly jammed while a friend was using the car.

Nor must you warn a borrower about things he can and should see for himself. A man who loaned a car with a dirty windshield was held not responsible for a collision. The court said he had a right to assume that the borrower would have enough sense to clean the windshield on his own.

All the law demands is that you show, along with your generosity in lending the car, a decent concern for the safety of other people.

As one court said:

"When a person lends, he ought to confer a benefit and not do a mischief."

SENSING THE NEWS

By Thurman Sensing

EXECUTIVE VICE PRESIDENT

Southern States Industrial Council

THE ADMINISTRATION'S COURSE

The 'Hunger' Sensationalists

In recent months, Senator George McGovern (DSD) and a pack of "hunger hunters" in the U. S. Senate have had a field day trying to present rural America, especially the Southern States, as a region of starvation. In recent weeks, for instance, Senator McGovern called on the U. S. Agriculture Department to use food surpluses in "places like Beaufort, S. C., where the children get half the calories they need each day — and the worms eat much of that." Indeed, the Senator has had some success, for he persuaded the federal government to step up its food stamp distribution in Beaufort.

Hunger is the "big thing" politically this year. A number of politicians apparently believe that it will pay off at the polls. Overnight, some politicians are discovering malnutrition as an issue.

Now, the fact is that malnutrition exists in some areas in the United States. There is hunger. Everyone knows that. It isn't necessary for a politician to make a big discovery out of it. To be sure, the problem of malnutrition is a limited one. It has been blown all out of proportion by the politicians and the sob sisters of the New Left.

The relevant questions are: Why are some children hungry in the richest nation in the world? What should be done about it? If anyone is hungry in America, it is not because the system is wrong or because community leaders are hard-hearted. Never in history have so many people begun so well off in any nation as in America today. The vast majority of Americans know that the free enterprise system is a truly workable system. They obtain the fruits of their labor. More than that, this is a generous society in which we live — generous to a fault.

Every community has an abundance of church, volunteer and civic agencies that seek to help those who are in want. It can't be argued that affluent Americans are indifferent to the plight of the needy.

So why are there hungry children? The answer is that is ignorance, shiftless and morally irresponsible parents. Take Beaufort County, for example, which has been singled out for criticism in the mass media. It isn't a hardship county. On the contrary, it is the site of major military installations, with big payrolls, and has a large tourist business. Thousands of Beaufort County residents enjoy a good life. But like hundreds of counties in every state in the union, it has a small element of people who haven't adjusted to a self-reliant society or who prefer a dependent existence.

If one looks at these poverty pockets around the nation, one finds women with six children by as many fathers, homes with color television but no heating stoves, houses with big cars parked outside but no plumbing — not even a sanitary privy. One

finds children whose mothers and fathers have moved to big industrial cities and sent their youngsters home to be supported by aged grandparents, men and women who buy a couple of quarts of liquor on payday but no beans and bacon. One finds people who represent the third generation on relief.

A county or state government can't be blamed for the problems of such people, including the hunger. The federal government — the New Deal, Fair Deal, New Frontier, Great Society — is to blame for an environment in which no-work is rewarded with government aid and dependence is encouraged.

In the recent sensational "hunger" disclosures, the Nixon Administration has been persuaded to loosen rules governing distribution of food stamps. But the federal government could give away millions of dollars worth of food stamps and still not eliminate poverty or the tragedy of hungry children. Last year New York City alone had 870,000 people receiving relief checks. There is no end to dependency and to giveaways.

What is needed is order in the life of the hard-core poor. Able-

bodied men must be compelled to work instead of lying about the house except when they go downtown to pick up their welfare checks or go to the liquor store. The "permissiveness" that is much discussed today is especially unfortunate with respect to those on relief. Lacking self-discipline, the hard-core poor need to be subjected to external discipline — requirements that they clean their dwellings, observe sanitation rules and spend their money — the aid they receive — on food, not booze. This is what should be done, but will it be done? It is time that leaders speak up who will "tell it like it is."

Child's Nickname Makes Mom Furious

By Abigail Van Buren

DEAR ABBY: My problem may seem very petty to you, but it irritates me like you wouldn't believe. I have an 11-year-old daughter named "Rebecca," a beautiful biblical name which I have always loved. My problem is that everyone calls her "Becky." All her friends, her teachers, and even our relatives (knowing how much I HATE that name) call her "Becky."

I have told people right to their faces that my daughter's name is "REBECCA" and I would prefer that they address her correctly, but they call her "Becky" anyway.

Please tell me what I can do besides correcting these people all the time. Thank you. REBECCA'S MOTHER

DEAR MOTHER: Relax and don't make such a big deal out of it. A Rose by any other name is sometimes "Rosalie."

DEAR ABBY: Please, please print something in the paper for the benefit of people who invite friends over for an afternoon or evening and then let their small children wander in and out of the room. It's not that I don't like children. I do. I have three of my own, but when we invite people over we always get a sitter, or arrange something for the kids to do, so they won't bother us or our guests. Then if someone expressly ASKS to see the kids (this seldom happens) we take him to see the kids for just a minute.

When I go out for fun and relaxation, I don't care to be entertained by children. Mine or anybody else's. I don't think this problem is unique with me; but is there a tactful way to tell your hostess to please remove her child from the middle of a cocktail party.

FED UP IN BARTLESVILLE

DEAR FED: There is NO "tactful" way to tell a hostess that her kids are a pain in the neck. Parents who permit their children to wander in and out of the room and "bother" guests are totally insensitive to the whole business. And for a guest to suggest that the child be "removed" would, I'm sure, offend the hostess who would permit the intrusion in the first place.

DEAR ABBY: I would like to add my feelings to those who have something to say about pornography.

My husband and I have two grown children, 21 and 23. Also two younger ones, 6 and 9. My husband owns and operates a small book store, and in it he has all kinds of books and magazines. Some of the books and magazines could be called "pornographic," as they contain pictures of nudes, and many people regard this as "dirty."

Our own children have been around books and magazines such as these all their lives, and they wouldn't even take a second look at a "dirty" picture another child might sneak to see.

If any of our children have ever wanted to know anything about sex, they have come to us. Parents who hide pictures and sex books and make such a big mystery about sex are the ones who will have something to worry about when their children reach adolescence. We've never had one bit of trouble with our older children, and we anticipate none from the younger ones.

Sincerely, MR. AND MRS. E. O.

Marquette Upsets Kentucky 81 To 74 In Mideast Play

By United Press International

Kentucky's out and Kentucky Wesleyan battles to stay in the story of Thursday night's NCAA playoffs at Madison, Wis., and Evansville, Ind.

At Madison, a much underrated Marquette team, with George Thompson scoring 21 points, upset fifth-ranked Kentucky 81-74 in the opener of the NCAA University Division, Kentucky was led by Mike Casey's 21 points.

A drained Al McGuire insisted Thursday night he had no feud with Kentucky coach Adolph Rupp, the demonstrative McGuire conceded. "But this was not so much a game of strategy as emotion, it became apparent at that time McGuire and Rupp, the winningest college coaches ever, were not exactly the best of friends.

"There's no feud, no feud at all," McGuire said. "He's the king. Look at the record - he's one of the finest coaches who ever lived.

"But I don't think I ever wanted anything more in sports - there may be a letdown after this game - not for my players, but for me.

The Warriors, normally not a good outside shooting team, were torrid in the first few minutes and raced to a 30-16 lead. At that point, Kentucky came out of its defensive and played Marquette man-to-man, closing to within 30-26 before Marquette scored again.

But McGuire said he wasn't overly worried by Kentucky's new defensive tactics.

McGuire explained the hard-fought contest by saying, "You have to be conscious of what happened down there last year when we lost so badly, and Thompson fouled out after only 17 minutes playing time."

The shorter Warriors out-rebounded Kentucky this time 46-39 and surprisingly outshot the Wildcats 52.6 per cent to 40.6 per cent.

For the 67-year-old Ittup, the loss was a bitter blow, dashing hopes of an unprecedented fifth NCAA title in the Wildcats' 18th season.

"We didn't have a single boy play up to normal," Rupp said after the game.

Then the court heard a nine-page legal argument by Bucher's civilian attorney, E. Miles Harvey, concluding with the request Bucher be "returned to full duty to occupy his rightful position in a normal career."

Bucher and the other men of the Pueblo face many weeks of waiting before they learn the court's recommendations.

Vice Adm. Harold Bowen, the court president, said it will be at least 10 days before the court's recommendations are forwarded to the commander of the U.S. Pacific Fleet, Adm. John J. Hyland. Hyland's staff

The council will award these bids and award the contract later. The cost to the city of installing and maintaining a tank will be considered in a separate contract.

At the beginning only the street and sanitation trucks will use the new facility, but as was pointed out last night, it will be well to include all city vehicles at a later date. It was also proposed that the city should have a central garage for mechanical work, greasing, etc.

A discussion was held on the proposed central billing for all city utilities. A computer type of machine would be used when and if this takes place.

The second reading was given to an ordinance setting salaries of elected officials.

The city approved purchase of nine box springs and mattresses for the city Fire Department.

Tilghman And Mayfield Advance In Tournament

By GENE McCUTCHEON

Jerry Sanders hit 9 of 10 free throws and pumped in twelve points from the field to lead the Mayfield Cardinals to a 60 to 51 victory over the South Marshall Rebels in quarter-final action in the Mid Region Kentucky Basketball Tournament last night. Paducah Tilghman used a balanced scoring attack to triumph over the Cardinals. Mayfield Comets 57 to 39 in the nightcap.

Mayfield drew first blood in the opener on free throws by Sanders and David Fowler but South Marshall quickly found their range and with 3:59 remaining in the opening frame the Rebels held a six point lead, 10 to 4. The Cardinals came charging back and by the end of the period Mayfield had taken over the lead at 18 to 14.

The Cardinals were home free from here, on in and by half time they had built their lead to nine points, 35 to 26.

South was trailing 46 to 39 at the end of the third frame and in the final quarter the Rebels drew within 4 points of Mayfield 48-44 on a jump shot by Gary McGregor with 4:27 left on the clock. The Rebels scored only five more points in the game while Mayfield pumped in twelve to give the Cardinals a 60 to 51 advantage as the final horn sounded.

Sherman Cottrill led the Rebels in scoring with 19 points. Gary McGregor and Richard Perry added 13 and 12 points respectively for South Marshall. Joe Ford dropped in 16 points for Mayfield to be the only other Cardinal besides Sanders to hit in double figures.

Carlisle Co.-Tilghman

The first half of the second game was a real see-saw battle between the Comets of Carlisle County and the Blue Tornado from Paducah Tilghman. Tilghman jumped out front with a 5 to 0 lead before the Comets settled down to business. A jump shot by Carlisle's Mike Ruddle with 2:13 left in the first period tied the score at seven all and the two teams swapped baskets for the rest of the half. The Comets were ahead at the end of the first frame 10 to 9 and at half-time the Tornado held a one point edge, 17 to 16.

Ronnie Rose pumped in six points for Tilghman in the third frame to spark the Tornado to a 23 to 23 lead going into the fourth period.

Tilghman had little trouble containing the Comets in the final quarter and the Tornado went on to win by 18 points, 57 to 39.

Tilghman had four starters to hit in double figures with Ronnie Lee leading the pack with 13 points, followed by Rose, Stan Hall, and Elmer Jackson with 12, 11 and 10 points respectively.

Tilghman hit 23 of 54 field goal attempts for an average of 42.6 per cent and 17 of 32 attempts for an average of 53.1 per cent.

Ky. Wesleyan Plays Tonight For Crown

EVANSVILLE, Ind. (UPI) —

Southwest Missouri and Kentucky Wesleyan clash tonight in the championship game of the NCAA college division basketball tournament here as the two clubs captured semifinal contests Thursday night.

Kentucky Wesleyan squeezed past American International in overtime 83-82 while surprising Southwest Missouri upset the nation's top-ranked small college quint Ashland of Ohio 88-48.

Southwest Missouri led throughout the game against Ashland, grabbing 44 rebounds to Ashland's 30. Ashland's Wayne

Sokolowski, with 22 points, was high scorer in the game. Kentucky Wesleyan and American International battled into overtime in an even game in which the lead changed hands 10 times and the score was tied five times.

Kentucky Wesleyan held a 37-36 halftime advantage, and the score was knotted at 76-76 at the end of regulation play. As the overtime session ended, American International missed a chance for victory when Bob Rutherford missed at the free throw line on a one-and-one foul situation and the Panthers claimed the one-point decision.

The Panthers were led by George Kinsley with 22 points and John Duncan with 21. Greg Hill and Rutherford each tallied 21 for American International, located at Springfield, Mass.

a bit, dart out and eat, then slip back to their hiding place with just their head sticking out from behind a piece of coral or something.

We have a long Loach which covers himself up in the gravel on the bottom and his head just sticks out. Other tropical fish are beautiful both in color and form. The Angel fish flit about in all their fragile glory; the Betas glide silently along with all their frills, hiding the psychotic fury they display when they meet another male, an encounter which ends in death for one of the others. Incidentally this tropical fish can breathe air too.

The huge Festivum hangs around in the corners of the tank, coming out into plain view only to eat. At night when everything is still, the fish rest at different levels in the tank, some on the bottom, others half way up and still others near the surface of the water.

Our Amarrilis is a joy to behold. Four huge red blooms.

Winning Pitcher CLEVELAND (UPI) — Bob Lemon of the Cleveland Indians won 20 games or more six times in the seven year span from 1948 to 1954 and then did it a seventh time in 1956.

Coach Bennie Purcell Will Be Inducted Into NAIA Hall

Bennie Purcell, who led Murray State University to the finals of the NAIA basketball tournament in 1952, will be inducted into the NAIA Hall of Fame, today.

Purcell is assistant basketball coach at Murray State. After the 1952 season, Purcell was named to the Converse, United Press, and Associated Press All-America teams. He was named All-Ohio Valley Conference twice.

While at Murray, he played in every game for four years and scored 1108 points, the fifth most ever scored by a Murray player.

BENNIE PURCELL

He was the first Murray player to score 600 points in one season, accomplishing that feat in 1952. Only three other Murray players have scored as many.

Purcell scored 68 points in the '52 NAIA tournament and was named the tournament's "Most Valuable Player." For years, his 41 points against Kentucky Wesleyan in 1952 was Murray's record for a single game. He once scored 33 points against LaSalle while being guarded by Tom Gola. His jersey was the first ever retired by Murray State.

After graduation, he earned All-Army honors while playing for Fort Leonard Wood. He toured with and coached the College All-America team that competed against the Harlem Globetrotters for four years. He played in 43 countries during this period of his basketball career.

He coached high school teams in Anna, Illinois, and Mount Vernon, Illinois, (his home town) from 1957-1963. He was named assistant at Murray in '63.

Purcell is married to the former Betty Fanning of Joplin, Missouri, and they are the parents of two sons, Del, 13, and Mel, 9.

Racers Will Play TCU Today To Open Baseball Season

Coach Johnny Reagan and the Murray State baseball team will open their 1969 season Friday against Texas Christian University at Fort Worth.

The Murray mentor will be starting his twelfth season as head coach and he has never had a losing season. His career record is 191-85, and in OVC play it is 96-34. Under his guidance the Racers have won nine Western Division titles and six OVC titles.

This season should be another good year for Coach Reagan and his squad. Here is a brief summary of the team:

Pitchers—if the Murray moundmen come up to expectations they will be as tough as any staff in the nation. The returning letterman are

shifting early in the season to get the best outfield combination.

Infield—Starting at first base will be Mike Derrington. As a freshman last season the 6-2 switch-hitter pushed his way into the starting lineup by mid-season. He finished as the club's third leading hitter at .319, and tied for the team lead in RBI's.

Mike Fitzgerald, a defensive standout, will get the nod at second base. He hit .229 last season and was the hardest raser to fan, with a strikeout ratio of four for every 100 times at bat.

The shortstop post will be handled by Tim Mappin. He led the team in home runs last season but his average dipped to .212 from .340 in 1967 when he was All-Conference. Coach Reagan expects Mappin to bounce back to his 1967 form.

Bob Pavlacks, a junior college transfer, is rated an excellent prospect to start at the hot corner. He is an excellent glove man and can handle any infield position.

Other infielders for the Racers include: Bill Cole, and Dave Bradford.

Weaver Says Baltimore Can Win The Pennant This Year

By JOHN G. GRIFFIN
UPI Executive Sports Editor

MIAMI, Fla. UPI—Earl Weaver doesn't beat around the bush—he thinks his Baltimore Orioles can win the American League Championship this year. A lot of folks agree with him.

"I don't see any reason why we can't be right up there," said Weaver, a scrappy little fellow who knows full well that such optimism in the springtime puts a manager squarely on the spot. He doesn't give a hang if it does.

"We were second last year and, while we were 12 games behind Detroit, we actually were one game better than the Tigers during the second half of the season," Weaver pointed out. "I believe we can start right out

playing the first half of this season the way we played the second half of last." The Orioles cooked their 1968 chances with a bad start that also cooked Hank Bauer as manager. Weaver replaced Bauer on July 11.

"That had start last year was nobody's fault," said Weaver, without mentioning Bauer's name. "There were a lot of injuries, including Frank Robinson's mumps."

Crossing his fingers against a similar series of disasters this year, Weaver frankly admits, "I can practically name my whole regular lineup right now. We're set and I doubt the rest of spring training can change things much."

Weaver proceeds to prove his point. Starting with pitchers, he has

the top three starting jobs allotted to 22-game winner Dave Moulton, 18-game winner Jim Hardin and 15-game winner Tom Phoebus.

Weaver figures the Orioles added their No. 4 starter when they obtained 31-year-old Mike Cuellar from the Houston Astros where he had an 8-11 record.

"That leaves about five guys fighting for the No. 5 job," said Weaver.

Among these, Weaver named Jim Palmer, the 15-game winner of two years ago who has had arm miseries but now appears recovered; Dave Leonard, 7-7 last year and rookie Mike Adamson, who has been throwing bullets.

The catching crew, headed by Andy Etcheberry, was solid even before Clay Dalrymple was acquired from the Phillies.

Three of the Orioles' infielders were on the All-Star team last year — first baseman Boog Powell, second baseman Dave Johnson and third baseman Brooks Robinson. And shortstop is nailed down by smooth Mark Belanger, who Weaver says "looks like he's ready to step in and do a great job."

Two of the three outfield jobs are locked up and the third almost is. Frank Robinson, now hale and hearty, and Don Buford are certain starters and Weaver believes that Paul Blair, who suffered an ankle injury in 1968 and saw his average drop from .293 to .211 is ready to regain his former style. If Blair doesn't make it, Weaver figures the third outfielder probably will be rookie Merv Rettenmund, who hit .331 at Rochester with 22 home runs.

Help HIM Measure Up

Every man can help some boy to measure up, to keep his feet on the ground, his heart courageous and his compass pointed to the tasks ahead. And if it is my boy you have helped, I shall be everlastingly glad. Every father will join me in saying, "God Bless You." Best of all, the Heavenly Father will know and be quick to say, "My Son saved a world, and who knows what the son you help will do for good." Boys clubs and concerned women and men are contributing time and wealth to help your boy and mine start right. Every man can hold his head higher if he can remember that he helped a boy measure up to his true potential.

The Red Cross First Aid instructors Pat Rogers and Sue Roberts posed 16 Murray Girl Scouts from Cadette Troop 69 on their First Aid badge.

The girls had the opportunity to work with the "Resuscitator", the artificial resuscitation dummy which was given to the Red Cross by Tau Phi Lambda Omicron Alpha Chapter of the Woodmen of the World.

The Scouts and their leader, Sue Kamp, were duly impressed by the "Resuscitator" and grateful to the Red Cross instructors who took the time and effort to work with them.

The girls who passed the badge were: left to right, front row; Instructor Pat Rogers, Anna Johnson, Phyllis Budzo, Corby Boles and Instructor Sue Roberts. Second row; Nancy Utterback, Rhonda Garland, Jennifer Outland, and Donna Cole. Third row; Martha McMullin, Cindy Cannon, Nancy Swann, Gail Kamp, and Joanne Starks. Fourth row; Denise Rowland, Miriam Hendon, Karen Hendon, and Giny Flora.
